

## **St. Johnsbury VT 2B – Bridge Project BF 7000(20)**

**Project Location:** Bridge 6 is located on VT 2B in St. Johnsbury over the Lamoille Valley Rail Trail. The bridge is less than one half mile west of Route 2B's eastern intersection with US Route 2.

In late September, Governor Phil Scott joined Vermont Agency of Transportation staff, officials from the Town of St. Johnsbury, Friends of the Lamoille Valley Rail Trail, Big R Bridge, and many other project stakeholders and community members to celebrate the grand opening of the Route 2B bridge over the Lamoille Valley Rail Trail in St Johnsbury.

The Route 2B bridge was one of 17 planned road closures completed by VTrans this year. Most of these closures, including the St Johnsbury 2B Bridge, are part of VTrans' Accelerated Bridge Construction program.
