

**Town of Danville Planning Commission
Thursday, December 8, 2016
Danville Town Hall 7:30pm**

In Attendance: Jeff Paquet, Vince Foy, Jill Kelleher, Phil Chadderdon, Kate Whitehead

Guest: Glenn Herrin

Jeff opened the meeting at 7:30pm

Approval of Minutes

Motion made by Jill Kelleher to approve the minutes of November, motion seconded by Phil Chadderdon. Motion carried.

Town Plan

Glenn gave an overview of the changes/edits and final comments on the Town Plan. The group discussed the final changes:

- A new Flood Resilience chapter was added as section #10
- The change log on pg.iii will be used to record/highlight any major changes from the previous draft.
- The PCs Public Input Survey process and outcomes were included in the public involvement section.
- Reviewed poverty data; should include comparison rates to county
- Reviewed data related to the demographic shift and the population rates for residents age 62 and over. This relates to the growing # of non-family households and the increase of people who are living alone. Kate to send Glenn language from the Regional Plan related to non-family household data.
- Discussed NVDA comments surrounding a needed plan for diverting food scraps from the waste stream after 2020. Current recommended actions in the town plan support moving towards this goal.

Next Meeting

Thursday, January 26, 2017 at 7:30pm at the Town Office.

Meeting Adjourned at 8:30pm

Respectfully Submitted by Kate Whitehead
