

GENERAL INSTRUCTION FOR APPLICANT

A Permit is required for any "development" defined as but not limited to a subdivision of a parcel of land into 2 or more parcels of land, the construction, reconstruction, conversion, demolition, structural alteration, relocation, enlargement or addition to any building or structure, or extension of use of land.

Important: A Certificate of Compliance will be required for all permits

To help us help you, please PRINT clearly when filling out the application. An incomplete application will delay the permit process. Submit the completed application and any pertinent information with applicable fee. Checks are to be written to the Town of Danville. If you have questions or need assistance in completing the zoning application, please contact the Zoning Administrator.

APPLICANT INFORMATION:

Other state or local permits may be required. It is the Applicant's responsibility to apply for them. Below are numbers that may help you find out if another permit is required.

The STATE must be contacted for any ROW (right of way) and/or SETBACK on Rte. 2 & 15
