

## Danville Conservation Commission Notes (DCC)

Location: Virtual Zoom Meeting

3/1/2021

**Attendance:** Vange Morse, Dave Houston, Deb Bixby, Brian Henderson, Bridget Ferrin-Smith

1. Approved minutes from February 1<sup>st</sup>.
2. Went over some edits on our EAB plan. Talked about the importance of EAB education.
3. Brian says there are state regulations on the movement of firewood and there are zones. Its going to hard to keep people updated as the zones move as the insect gets closer. Would putting signs on the roadside make sense, and how many signs would you put up? This is assuming that people care enough even if they are aware. We would like to get some educational material out there for people and first it will be good to get familiar ourselves.
4. Set March 21<sup>st</sup> 9am to meet down at Greenbanks Hollow by the covered bridge. Vange will be inviting the Hardwick Conservation Commission to join us.
5. Next meeting is April 5<sup>th</sup> 7pm
