

Danville Conservation Commission Notes (DCC)

Location: Virtual Zoom Meeting

6/7/2021

Attendance: Vange Morse, Deb Bixby

1. Based on the low attendance we decided to just make plans to do our next walk out in Pumpkin Hill. Vange is going to get in touch with Bridget to see when works for her and base it around that. We also agreed we should reach out to the Certified applicator who did the Knotweed application at Rogers Lot and see what he suggests for continued efforts to reduce the knotweed before our harvesting time this coming winter.
2. Deb is going to investigate the potential EAB sighting next time she is up that way on her bike.
